

Marketing Research Specialist Level Certification

What participants will learn

- Participants will be able to demonstrate how marketing research findings can help the marketing team conceptualize and finalize product features and other components of a company's Marketing Strategy and also test multiple marketing hypotheses in order to better understand consumer behavior, finalize product features, define metrics for measuring marketing efforts, and track and improve marketing activities..
- SMstudy Certified Marketing Research Specialists ensure that well-planned marketing research methods are in place to measure factors that can help drive better corporate decision-making, and in turn more decisive marketing actions.

Takeaways

- High quality online videos
- Classroom study materials
- Mobile Apps
- Engaging case studies
- Full-length simulated exam
